

TIM MCKEE • ART/CREATIVE DIRECTION

As a creative with an entrepreneurial spirit, I believe that great ideas can come from anywhere. Sometimes that means you have to be open to challenges in an unconventional way.

I have found that a collaborative environment creates a unique opportunity to grow ideas into full campaigns. I would love to find a place that allows me to utilize my talents and skills to inspire and lead while offering me the opportunity to grow and learn along the way.

Specialties: Concept development, branding, graphic design, illustration, print, film, television, social, motion graphics, animation, consumer experience, interactive strategy, user research, interactive- Web sites, intranets, extranets, mobile, application development
